

THE FRIEND OF SLEEVE.

The Kairo (Heart-Furnace) is generally used over all the world in different kinds according to the warm only, as if don't take care for human health. But this Rock-Salt-kairo consists of compound bodies with chloride of sodium, sulphate, sulphatic magnesia, sulphatic calcium, as well as dry gas. Especially this can keeps instantly so well as follows: -stomach-ache, pain of the wound or other sickness, and when you take business whether indoor or outdoor, and one who can't bear cold and dreary winter, and hood-shot, etc. etc. Now try to examine the kairo, if you please. This is why we recommend over all the world.

DIRECTON.

Let the kairo make warm, you must put on a tong or an andiron upon a live coal indirectly. But I hope you don't put on a live coal or a burning fire directly.
