

Memorandum

I have further considered about the Ribbons & am of opinion that you might notify the foreigners that after a short date - say 10 or 14 days - packets of Ribbons will no longer be received & that meanwhile they will be received for Carriage (subject to Mint charges) & the Value given in Mexican Dollars -

The notice about the open Ports should be slightly altered & should read thus -

"Japanese Coins & Clean Mexican Dollars of full weight can be received at the open Ports for Carriage - but Silver or Gold Bullion the fineness of which can
= not

be proved without being melted & assayed
Can only be received at the mint or subject
to proof at the risk & expense of the owner &
in such case a receipt in the following
form will be issued

Yours faithfully
Mortimer
