

203  
Your Excellency.

Supposing that I would  
meet you to day at Yokoska. I did  
not write to you yesterday about the  
Nubor matter. As to-morrow when  
we are all at Yokoska we can in a  
few moments arrange this whole  
matter. and I think it would  
be well to allow the matter to  
wait until we all meet there.

Mr. Motz has offered an amendment  
to the amendment that I offered. I  
think it a very proper one and so does  
my North German, Dutch ~~and~~ Spanish  
& Italian Colleagues. I have sent it  
to Sir Harry Parkes with a request that  
he brings it with him to Yokoska  
which he will probably do. at

all sorts the quickest way in  
which we can settle this is to  
have a meeting at Yokohama  
or Suva.

Yours with  
respect & consideration  
O. De Long

Terashima
