5 Crosby Square. 28th Jan^r 1876

To the
Minister of Finance
Okinawo Tokai

Dear Sir

We last had the pleasure of addressing
you on 14th inst.: & since then we are
without any further advice from Japan
referring to your Department or the orders
which we have lately executed for you.

On the 21st inst. we sent you a copy of
our market letter of that date, which
will have posted you regarding the then
state of the various markets in which you
are more especially interested; we have
little change to advise during the past
week, everything remains very quiet &
prices of most articles are without
alteration.

Japan Metals. The following are the latest quotations
for the various kinds of Japan Copper & Metal
which come to this market, viz

Binger & Tile Copper £86 Rough Copper £82 per ton
Lums £75 & £76 & Bells £68 per ton.

Bar Silver. The price of this metal has again fallen, it
is

1876

28th Jan^r is now only worth $55\frac{1}{2}$ per 100 a very low figure.
American Dollars are quoted at $54\frac{1}{2}$ & $54\frac{1}{2}$ per 100.

Money. The Bank rate was reduced yesterday
 from 5 to 4 per cent; the expediency of this
 proceeding has been canvassed, as should
 Germany come to an market for any
 quantity of Gold, a very likely thing, the
 Bank would doubtless very soon have to
 raise the rate again.

Japan Loans. These Stocks maintain their
 previous values, the

9 per cent is quoted 111 & 113

7 per cent ——— 100 & 102 ex Div^d just paid.

Offering in services at all times
 we are dear Sir

Yours faithfully
 J. Temple Willcox
