Your Excellency,

Permit me to make you
acquainted with the Honorable
J. F. Elmore, the Charge' of Peru,
who has just returned from
Peru, and who, from personal
observation, will be able to
acquaint you with the political
State of Affairs there. — Mr.
Elmore takes a very clear view
of the Formosan question in
its relations with the salutary
influence which can be
exerised by Japan in the East
by dealing with it, and

I am sure you will fully
appreciate both his talents
as a public man & his
devotion to the country
of your birth to which
interest you have devoted
every moment of your life.

Any courtesy that you may
show Mr Elmore will be
fully appreciated by me.

I have the honor to
be, your Excellency's

Most obedient, humble servant
