Tokio, December 31<sup>st</sup> 1874.

Your Excellency:

I beg to hand you the continuation of the copy of my notes of travel in Formosa, which has been made for Your Excellency by Mr. Davids. You will notice that some blanks have been left on some of the pages. These will be filled up at some future day with diagrams that will serve to render the text intelligible. This will be done as soon as the series is complete.

Very Respectfully  
Your Obedient Servant,

Ch. J. G. G. G.
