Dear Sir.

Our object in writing to your Excellency
is to submit our house to you for supplying looms
and other Machinery for Spinning and Weaving
Coties Cloth similar to enclosed samples which are
largely used in your Country.

Our reference is great in this business and if
you require any advice or information we shall only
be most happy to assist and if need will arrange
to make you plans and furnish assistance to enable
you to produce Shirtings with the least cost and
with no anxiety after the English fashion.

We have furnished most of the Mills in
Bombay with our Machinery and have had my
own family to superintend the opening and

Commencement of said Mills indeed at this ~~moment~~
moment our Mr Henry Livesey Jun^r is engaged in
commencing a Spinning & Weaving Mill in Turkey. —
from there he intends to go to Greece to complete
a similar engagement.

Your correspondence and assistance will
oblige.

Yours Most Obediently
