Dictated by  
ENCLOSURE  
MAILED SEPARATE

Mr. T. Kato,  
Care of Count Okuma,  
Waseda, Tokio, Japan.

Dear Sir:-

Some time ago, you very kindly wrote us a testimonial on the merits of the artificial limb we made for His EXcellency Count Okuma. That testimonial has appeared in our Treatise. As we are about to publish a new Treatise, we wish to revise the testimonials and publish only those that have the permission of the writers.

We would be glad to hear from you in regard to the matter. If you are willing to have his testimonial continued, kindly let us know and if through any cause whatever, you prefer to have its publication discontinued, also let us know and we will respect your wishes.

We take pleasure in informing you that we have again been awarded the Highest Premium, making an unbroken succession of First Premiums, covering a period of nearly a half a century. The Cotton States and International Exposition at Atlanta, Ga., now in session, has awarded us the Highest Premium, Gold Medal. This is the only award that has been given to any manufacturer of artificial limbs.

Asking you to reply to this letter at an early date, and thanking you for past favors, we are,

Respectfully yours,  
*aamarks*
