Yokohama 31 Dec. 1869

Dear W. Ito

I send you herewith
one Case - Port Wine

for W. Okuma
and one Case Brandy

for yourself
which I hope you will do
me the favor to accept as
a New Years Gift.

W. Okuma should
take 3 or 4 Glasses of the
wine every day - I am
sure it will make him
fat and strong.

You are yourself
fat enough and strong
enough already and so
do not require to take

come as medicine. The
brandy is therefore more
in your way. but you
will find it very strong so
do not drink too much at
once

I intend to be in
Yedo on Monday and would
like to talk with you on
Monday afternoon or
Tuesday - Kindly send
a message to the Hotel
and let me know if you
can see me without
inconvenience -

Mr. Sakata will
send this. he has asked
me about dollars for
vibos. I will be glad to
arrange this with you.

I am Yours very truly
John Robertson
