Yokohama June 19th 1874

To
the directors of Ky-con-sho
Yedo.

Gentlemen!

After much trouble we feel obliged to address you for the following reason: On the 13th of April last, we have delivered upon order of Capt Brown, on board the steamer Kuroda one barometer and one mercury barometer. These two instruments on some days afterwards, removed to the Sr. Kadkia at Shinagawa, and after that; as we know by the chief Engineer of the Kadkia; to the Sr. Delta at Nagasaki. Having taken much trouble and expense to obtain payment for the above instruments at the office of the Kadkia &c, we are obliged to request you to take the matter in hand and to order the immediate payment of our enclosed bill.

We remain gentlemen

Your obedient servants

Wm. Liza
