My dear Mr Hirai.

Will you kindly send me the amount of my salary for last month (Feb.)?
I would like always like to draw the same of $500 you as account of extra salary and expenses for the months of January, February and March. I did not draw this money for the last two months, and I presume you will find no objection to paying me for those months and this together.
The sum desired then is, Salary for Feb. ¥500-
allowances &c. " 500-

Yours sincerely
