Countess Ayako Okuma,

Waseda, Tokyo, Japan.

My dear Countess Okuma:

It is my great pleasure to acknowledge the words of greeting which you sent to the General Federation of Women's Clubs, and which you will find in the Report of the proceedings to be sent you within a month, I hope.

I am asking the Tokyo Women's Club, through its representative, Miss Nichi Kawai, and through the President, Mrs. John Struthers, to transmit to you the United States flag, which was sent only in symbol four years ago.

There has been no one going to Japan within our special knowledge during this time, but I wish to send a representative flag of the country, which shall take the place of the one presented at that time.

With most cordial greetings to yourself and your country,
I am,

Very truly yours,

Ever Philip Moore

Foreign Correspondent.
